Profile

My strong motivation, excellent communication skills, and professional attitude would be a great addition to your organization. I have years of positive relationships with business and individual clients. Through these relationships, I have gained experience with answering multi-line telephones, greeting, and assisting clients of all ages and backgrounds.

Technical Skills

- Languages: Java, JavaScript, learning C
- Web Design: Bootstrap, HTML, CSS, Ionic
- Database Design: SQL, Microsoft SQL Server, Microsoft Visio
- Tools: GitHub, Photoshop, Eclipse, Microsoft Office, WebStorm, Google SketchUp

Academic Project Experience

Relational Database Design & SQL Projects / BCIT

MAY – JULY 2017

- Designed a relational database system for managing data regarding a university alumni association
- Used Microsoft SQL Server Management to create a new database and execute SQL statements to insert, update, delete and view data, and create and execute stored procedures and triggers
- Links to view projects here: <https://ddiiorio.github.io/BCIT/database.html>

Mealio Web App / BCIT Project Term – Metro Vancouver

APRIL – MAY 2017

- LINK: www.mealio.tk
- Developed a web app in teams of 5 using ReactJS, Bootstrap, Google Firebase, HTML, CSS
- Agile scrum framework was used to manage the development process, including 3 one-week sprints to accomplish specific goals
- Utilized a Gitflow Workflow to develop individual features on local branches, then merging to develop for testing/review, and finally to master for official releases

Personal Project Experience

Concert Schedule Web/Android App / Ionic Framework

AUGUST – SEPT 2017

- Developed a minimalist app to keep track of past and upcoming concert dates, sorted chronologically
- Work in progress
- Work in progress

Bullfrog Spas Web Work / South Island Fireplace & Spas

JUNE – AUGUST 2017

- LINK: www.southislandfireplace.com/bullfrog_spas.html
- Created new page on past employer's website for their new spa product line
- Developed in the Bootstrap framework for sleek and responsive UI, nested HTML elements within the Bootstrap grid, styled with CSS

Danny Di Iorio
